

FOR IMMEDIATE RELEASE: Wednesday, December 4, 2024

Healio and NPACE Announce New Partnership to Provide Continuing Education for Advanced Practice Healthcare Providers.

Natick, MA – December 4, 2024 – Nurse Practitioner Associates for Continuing Education (NPACE), has partnered with Healio, a leading healthcare education platform, to offer a range of Continuing Education (CE) opportunities to healthcare professionals. This collaboration aims to enhance professional development opportunities, providing easy access to high-quality educational content designed to support lifelong learning, career advancement and satisfy re-licensure needs.

Through this partnership, Healio CME will host a variety of CE-certified bundles, developed and curated by NPACE, for healthcare providers. The courses will cover a broad spectrum of medical specialties, addressing the latest advances in clinical care, emerging healthcare trends, and practical strategies for improving patient outcomes. Our mission is to empower healthcare professionals with the resources they need to provide exceptional care, and this partnership between NPACE & Healio CME aligns perfectly with that goal. Together, we will deliver innovative, on-demand learning experiences that make earning CE credit easier and more accessible.

"NPACE is excited to continue our path of excellent continuing education for healthcare providers by partnering with Healio. Healio's work in delivering excellent professional development for a variety of healthcare providers makes an excellent match with our own values. NPACE is proud that our continuing education speaks for itself and provides unique, cutting-edge, and engaging topics from a variety of speakers to help healthcare providers stay informed for their own practice. We look forward to this partnership and in working with such a great company," said Terri Schmitt, Executive Director of NPACE.

Bundles available through Healio and NPACE will be accessible via Healio CME's user-friendly online platform, ensuring that health professionals can complete their educational requirements at their own pace, on their schedule. "At Healio, our mission is to deliver cutting-edge education tailored to the needs of healthcare professionals. This partnership with NPACE represents an exciting opportunity to expand access to high-quality, evidence-based CE content. Together, we are committed to empowering providers with the tools and knowledge they need to elevate patient care and achieve their professional goals," said Andrea Gaymon, M.Ed., chief product officer.

Healio is a medical media company and a leading, trusted omnichannel information platform for healthcare professionals. As an in-depth clinical information source, Healio offers comprehensive, trustworthy and accurate award-winning health care news, information, education and expert perspectives in a variety of content formats to optimize its physician audience experience and consumption of Healio content. Healio empowers health care professionals to stay informed of the latest advancements in the medical field through Daily News, Free CME offerings and Clinical Guidance, an on-demand reference tool. Health care professionals can access Healio content anytime and anywhere across 21 + specialties specific to their individual and unique everyday practice of medicine.
